BHAVANI MASAGUPPIMATH

Bangalore, India | 6362651009 | bhavanimasaguppimath@gmail.com | LinkedIn | GitHub

CAREER OBJECTIVE

Motivated MCA student with a strong academic background and hands-on experience in programming and web technologies. Strong problem-solving abilities and a passion for continuous learning, with a focus on staying current with industry trends to contribute effectively to innovative projects and teams.

EDUCATION

Course Name	Institute Name	University Name	Year of Passing	Score Details	Course Type
MCA (Pursuing)	Dayananda Sagar Academy of Technology and Management, Bengaluru	Visvesvaraya Technological University	Expected 2027	9.23 CGPA	Full-time
BCA	Basaveshwara Science College, Bagalkote	Rani Channamma University	2025	9.0 CGPA	Full-time
12th (PU)	SRA PU Comp College, Banahatti	Karnataka Dept. of PU Education	2022	67%	Full-time
10th	KLE SCP High School, Mahalingpur	Karnataka Secondary Education Board	2020	88.96%	Full-time

TECHNICAL SKILLS

- Languages: Java, JavaScript, Python, C
- Core Java: OOP, Exception Handling, Collections, Multithreading
- Frontend: HTML, CSS, React.js
- Backend: Node.js, Express.js, Spring Boot, REST APIs
- Databases: MySQL, Oracle SQL
- Full Stack: React.js, Express.js, Node.js, MySQL
- Tools & Platforms: Git, GitHub, VS Code, IntelliJ IDEA

SOFT SKILLS

Problem-Solving & Analytical Thinking | Communication & Teamwork | Quick Learner & Adaptability | Time Management & Attention to Detail

PROJECTS

E-Journal Management System (Chronolog) — Full Stack — MySQL, Express.js, React.js, Node.js | GitHub

- Built a full-stack e-journal management system enabling users to securely create, edit, organize, and retrieve digital journal entries.
- Implemented user authentication and authorization to protect user data and restrict access to personal journal content.
- Designed and developed RESTful CRUD APIs using Node.js and Express.js, connected to a MySQL database for persistent storage.
- Built a responsive React.js frontend for a seamless cross-device journaling experience.
- Applied core full-stack concepts — component-based UI, state management, API integration, and relational schema design.

Orphan Care Hub — Java, Spring Boot, MySQL, HTML, CSS, REST API | GitHub

- Developed a Java and Spring Boot application to digitize and streamline orphanage management operations.
- Designed an Admin module for managing staff, records, and overall system oversight.
- Built a Donor module to track donor contributions and maintain donation history.
- Implemented an Orphan Management module to maintain profiles, health, and care records.
- Built CRUD REST APIs with Spring Boot and MySQL, applying OOP principles for a maintainable, modular architecture.

INTERNSHIP EXPERIENCE

Web Development Intern — Infokshetra Technologies, Bagalkot (Feb 2025 – Apr 2025)

- Gained hands-on experience through academic and mini projects.
- Built a strong practical understanding of the MERN stack.

CERTIFICATIONS

- TechA AWS Certified Developer — Infosys Springboard
- MERN Full Stack Development — Infokshetra Technology
- Java Programming — Infosys Springboard
- C Programming — QSpiders
- HTML, CSS & JavaScript — Infosys Springboard
- Web Designing — Microsoft Learn

ACHIEVEMENTS & ACTIVITIES

- Awarded "Student of the Year" by the BCA Department for academic excellence and extracurricular contributions.
- Achieved 9.0 CGPA in BCA with consistent academic performance.
- Completed multiple academic and real-world development projects across Java and MERN stack technologies.
